"I thought homeownership was a luxury I couldn't afford on a resident's salary, but Joe Dobrovolny broke it down into an easy-to-understand process. I was able to pick the right mortgage and got a great home close to campus for less than I was paying in rent."

**Daniel Agraz, MD, UNMC ophthalmology resident**

"We have worked with Equitable Bank for many years and appreciate their professional, courteous and prompt response to our needs. We can count on Equitable to make the best financial recommendations for our family and would recommend them to anyone."
